

Harmony House Cookery Club

What is it?

Harmony House non subscription cookery club meets every few weeks at Harmony House near York. Every meeting is different. At some meetings we cover specific subjects such as summer desserts and cooking for a crowd, when Hilary will demonstrate how to make a selection of recipes. At every meeting Hilary will pass on hints and tips gained learned from her professional career. At other meetings there will be the opportunity for a little 'hands' on cookery. This year we are also planning some 'foodie' visits.

As a member what will you receive?
